Hi Rami,

As I'm writing this, I'm reading and listening to the news updates about the situation in Israel, and I hope that you and your family are staying safe.

I wanted to express my deep appreciation for the amazing Yom Ha'atzmaut performance you gave us on March 15. I have to admit, **I was blown away by your ability to connect with the audience** members given that this was a virtual event. The way you incorporated personal stories and anecdotes gave the performance such an intimate feel, even though we were hundreds of miles away and enjoying through our screens.

I also wanted to share how much I've enjoyed working with you and getting to know you. You went above and beyond, making sure that we found a reputable livestreaming company in NYC and helping with all the other details and logistics.

**So thank you for sharing your talent and beautiful music with us. you truly are "something amazing" just like your song and I can't wait to bring you back to Rochester in person.**

Warmly,  
Michal
